

DISTRICT GOVERNOR'S NEWSLETTER

Botswana, Eswatini, Mozambique and South Africa

JUNE 2024

CREATE HOPE
in the WORLD

District
9400

Message from your District Governor: *Riana Pretorius*

Dear fellow Rotarians,

June is designated Rotary Fellowships Month. This recognises the importance of international fellowship and goodwill among Rotarians with similar recreational activities, hobbies, sport, vocational interests, promote increased participation in fellowship and increase understanding of this program.

International Fellowships in Rotary are a fantastic opportunity for individuals to connect with like-minded professionals from around the world.

Rotary Fellowships are groups of Rotarians, Rotarian Spouses and Rotaractors who join together to share a common interest in worthwhile recreational activities. What are the benefits of belonging to a fellowship?

Rotary Fellowships provide opportunities to:

- make new lasting friendships outside your own club, district or country
- explore new opportunities for service and
- have fun and enhance their experience in Rotary.

Fellowships include sport, music, exercise, wine/whiskey/gin tasting and many more. Get an experience outside your club and district join one of these fellowships or start a new fellowship.

I invite you to open your Rotary world, by belonging to Rotary Fellowships where you can contact people all over the world.

We have come to the end of this Rotary year, and I want to thank the members of District 9400 for their friendship and support. I wish you the best for the year 2024 to 2025.

To our new District Governor, DG George Senosha, best wishes for your year. I know that you will have the support of the district and that it will be a fun year.

Yours in Rotary,

DG Riana

Meet District Governor George Senosha Rotary Year 2024/2025

Incoming District Governor George Senosha has been a member of RC Waterkloof since October 2014. He was President of the Club from 2019 until 2021 and under his tutelage, the Waterkloof embarked on formulating the Rotary Community Corps, onboarding valuable members in the process.

He is involved in various community organisations, forums and numerous orphanages around Tshwane as well as the Winterveldt Emerging Farmers Union in the Township of Winterveldt next to Soshanguve. George is also the Chief Public Relations Officer of Community Transformation Accelerator Program (CTAP). A program that seeks to uplift communities in townships and rural villages. In relevance to his line of work, the program aims to impact and empower change to township and rural economical trajectories.

Dr George Senosha is well-rounded with combined educational and practical knowledge of business, retail and community building, human resource and industrial relations, UNISA, as well as hotel and hospitality management. He holds a Doctoral Degree in Business Development and Administration and a Doctoral Degree in Community Building.

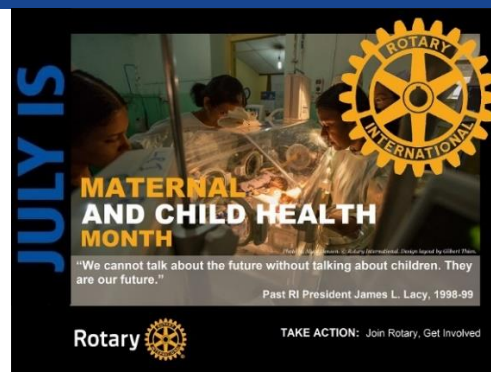

JULY is MATERNAL AND CHILD HEALTH MONTH

July is dedicated to **Maternal and Child Health**, one of Rotary's key areas of focus.

Maternal health refers to the health of women during pregnancy, childbirth, and the postnatal period. Newborn health refers to the babies' first month of life. A healthy start in life has significant repercussions for a person's health and well-being during infancy, childhood, and adulthood.

Every day, mothers risk their lives giving birth and millions of children die each year from treatable, preventable causes. At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, Rotary provides immunizations and antibiotics to babies, improve access to essential medical services, and support trained healthcare providers for mothers and their children.

Rotary projects ensure sustainability by empowering the local community to take ownership of healthcare training programs. Through grants from The Rotary Foundation, Rotarians improve access to essential medical services for mothers and their children. These efforts are aimed at reducing the number of children under age five who die each year because of malnutrition, inadequate health care, and poor sanitation – a figure that is currently estimated at 7 million.

According to another estimate, more than 80 percent of maternal deaths can be prevented with access to reproductive health services and trained health care workers. Rotarians provide education, immunizations, birthing kits, and mobile health clinics to support these causes. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.

Be a young Africa Climate Changemaker

Are you ready to lead the charge for a greener future?

Ashoka's **Young African Climate Changemakers Challenge** in collaboration with the Anglo-American Foundation is calling on young people aged 16 – 25 across South Africa, Zimbabwe, Namibia, and Botswana to unleash their agency and innovation in tackling climate change through ideas and existing initiatives. Rotaractors and Interactors are invited to join them in shaping a more sustainable world and making a lasting impact on our planet's future!

The **Young Africa Climate Changemaker challenge** is looking forward to fruitful synergies between Rotary and Ashoka in Johannesburg, South Africa and Beyond.

The [online Challenge](#) is open to all young people who have innovative ideas or existing projects for the climate. Applications are open till July 30th and winners will have an opportunity to win USD 1,000 and to be invited to a celebration event and acceleration sessions in Johannesburg early December. All participants will also benefit from receiving feedback on their application and having access to key resources for young changemakers.

There is a Comms Kit to make it easy for network partners to share details of the Challenge with their networks: <https://changemkrs.org/yacc-24-outreach-media>. Here is the Challenge page as well: <https://changemakers.com/en/challenge/young-african-climate-changemaker>. Contact Tsholofelo Diale tdiale@ashoka.org if you have any question/ suggestion about the Challenge.

The 2025 Rotary International Convention will take place in Calgary, Canada, 21-25 June 2025. Calgary is a big city with a small-town feel that warmly welcomes visitors to its breathtaking beauty. More than 165 languages are spoken in Calgary, making it a perfect destination to bring together Rotary members from around the world. The 2025 convention theme is "Magic All Around," and from the moment you arrive in Calgary, you will feel the magic of its spirit, heart, and passion!

Rotary International Convention in Singapore

The 2024 Rotary International Convention in Singapore ended with a focus on the future. Speakers emphasized Rotary's continuing mission to promote peace and goodwill.

Fostering understanding was a central theme, as Rotary Peace Fellows celebrated the 25th year since the Rotary Peace Centres program was announced. The breakout sessions included even more discussion of peacebuilding, with topics such as Innovating Peace Education in Times of Crisis and Understanding the Global Peace Index.

Two breakout sessions focused on starting new clubs. During the session Rotary Your Way: Form the Club You Always Wanted, people learned key steps in the process, from finding a champion to help organize the club to choosing the club's leaders. Speakers emphasized that cause-based and interest-based clubs are a popular way to attract new members, noting that clubs can be formed among alumni of the same school, professionals in similar fields, or people who want to address a particular problem. In this Rotary year some 510 Rotary clubs and 493 Rotaract clubs have been chartered, and we've welcomed more than 115,000 new Rotary members.

The 2023-24 Rotary year brought us a number of firsts.

- ✚ India celebrated its first decade of being polio-free.
- ✚ We opened our first Rotary Peace Center in the Middle East.
- ✚ And the first ever Rotaract-sponsored global grants were awarded.

These accomplishments are just examples of our collective efforts to increase our impact, expand our reach, provide a memorable membership experience, and adapt to a changing world.

- ✓ This year marks the 10th anniversary of the World Health Organization's South-East Asia Region being certified as polio-free.
- ✓ There were 46% fewer reported cases of illness caused by the wild poliovirus in 2023 than there were in 2022.
- ✓ For World Polio Day 2023, more than 4,200 clubs registered activities to raise awareness about polio eradication. And we raised US\$836,000 in online contributions — 10% more than the year before.
- ✓ Nearly 1 billion doses of the novel oral polio vaccine type 2 (nOPV2) have been administered since March 2021. In Nigeria, nOPV2 helped reduce variant poliovirus cases by 85% in the last three years.

Your donations make it possible

Our Foundation funds life-changing projects around the world. This Rotary year, as of April, we've provided US\$29 million in district grants, as well as US\$50 million in global grants. The global grants were distributed as follows among our areas of focus:

- Peacebuilding and conflict prevention: US\$1 million
- Disease prevention and treatment: US\$26 million
- Water, sanitation, and hygiene: US\$7 million
- Maternal and child health: US\$4 million
- Basic education and literacy: US\$4 million
- Community economic development: US\$6 million
- Environment: US\$2 million

Thanks to our generous donors, the Disaster Response Fund received more than US\$1.6 million in donations as of April 2024. The Give the Gift of Rotary campaign raised more than US\$11.3 million in 2023, a 7.5% increase from 2022, to support life-changing projects in our areas of focus.

And on Giving Tuesday — 28 November in 2023 — donors gave more than US\$1.3 million to The Rotary Foundation, 9% more than they gave in 2022. With over US\$287 million raised as of April 2024, we continue to work toward our fundraising goal of US\$500 million.

Global partnerships

Through our partnership with Bahçeşehir University, we [opened a new Rotary Peace Center](#) in Istanbul, Turkey, for Rotary Peace Fellows who are focusing on peacebuilding in the Middle East and North Africa. With its first cohort starting in 2025, this new center will further our long-term goal of extending the Rotary Peace Centers program into additional key geographic regions.

We also announced a [new strategic partnership with the United Nations Environment Programme \(UNEP\)](#) that will help Rotary members clean, protect, and monitor waterways. These local efforts are crucial to protecting the environment on a global scale. The partnership complements our existing initiatives to improve access to clean water, sanitation, and hygiene with [the Rotary-USAID Partnership](#) and our [WASH in Schools Target Challenge with UNICEF](#).

Click [HERE](#) to read RI General Secretary and CEO John Hewko's report.

GLOBAL ROTARY FELLOWSHIPS

Rotary now has more than 100!

Make new friends

Friendships are often cited as a primary reason members stay in Rotary. Rotary Fellowships are great ways to engage with people who share your passions and interests beyond your club.

This year, members gained even more ways to connect with one another when we expanded our list of more than 100 global fellowships. Here are the new ones:

- Cybersecurity Rotary Fellowship
- Rotary Fellowship of Educators
- Rotary Fellowship of Horse Racing
- Rotary Fellowship of Mental Wellness Counsellors
- Rotary Fellowship of Metaverse
- Rotary Fellowship of Weather Enthusiasts
- Rotary Fellowship of Past Presidents, Officers, and Friends
- Rotary Fellowship of Real Estate
- Rotary Fellowship of Startup Investors
- Rotary Fellowship of Tea Lovers
- Rotary Fellowship of Vegans

MENTAL HEALTH

Mental health awareness has been a major focus of the 2023/2024 Rotary year. President R. Gordon R. McNally has asked Rotary members to prioritize mental health. This call to action inspired many projects around the world that aimed to raise awareness of mental health needs, decrease the stigma associated with them, and expand access to mental health care.

A variety of resources are available on My Rotary [to help clubs incorporate mental health support into club projects and activities.](#)

You can also learn how to foster mental wellness by connecting with the [Rotary Action Group on Mental Health Initiatives.](#)

Clubs such as the Rotary E-Club of Suicide Prevention and Brain Health, Texas, USA, [work to reduce stigma and promote measures that sustain mental wellness as a necessary part of daily life.](#) The Rotaract Clubs of Sahel Metn, Lebanon, and Amsterdam Nachtwacht International, The Netherlands, raised money to support the only suicide hotline in Lebanon. Rotarians in Nepal led a session for teachers on suicide prevention and mental health management in schools, including ways to reduce stigma and discrimination.

ANN'S MESSAGE

FROM IPDGA CHRISTINA

Dear Rotary Anns, Rotary Family and Friends,

As the 2023/24 Rotary years wound down, the Anns continued with their community work and worthy causes, bringing heart-warming comfort to the underprivileged during these chilly winter months.

Sadly, the closure of the Rotary Club of Randburg, will see the **Randburg Anns** cease to be after 52 years of dedicated service to the less fortunate. We so hope that as a group, these vibrant ladies will find another Rotary home to enable them to continue with their invaluable work. The best of luck to this special group!

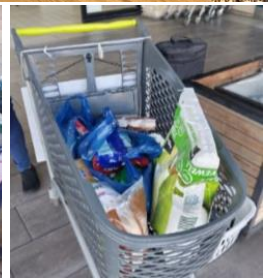

Randburg Anns and Rotarians joined forces to donate blankets to Doorway to Dignity.

The Randburg Rotary Anns bid farewell as their Rotary club closes down

Benoni Aurora held a food collection, enabling them to form a soup kitchen for a squatter camp community centre and also feed seven families.

About 180 people will benefit from this effort over the coming cold months.

The **Rosebank Anns** demonstrated their creative skills during a happy Saturday morning, sewing and knitting for their project Handmade with Love.

One of the beneficiaries from this effort is Eventide, the Salvation Army's old e home.

With cold days in mind, the **Krugersdorp Anns** kept warm by keeping busy! President Hannetjie, her grandson Ruan and Julia made and distributed soup and rolls to about 60 homeless people on a cold and windy morning. Krugersdorp Anns also delivered a birthday gift – a cosy, oversized winter jersey – and cake to a very thrilled Debbie at the Baby Moses Home.

Benoni van Ryn Anns gave jerseys to Goudrand Primary School in Boksburg. They also delivered 30 tubs of soup to Ryn Park Home.

Also benefitting from the **Riverside Anns** gift of purchased goods and donations of slightly damaged food and toiletries were Qina Zimele Home, Emmanuel Frail Care Home, Elsmetsorg and a further five local needy homes, as well as Emmanuel Frail Care Home. Clothing, soya and biscuits plus two boxes of food and toiletries also went to Lewenskruis Shelter. What an effort by Riverside!

As always, the **Riverside Anns** were busy giving. They distributed 50 blankets to children at Trentico and to Anani, a project that takes care of traumatised people. Riverside also bought and donated bags of soya meals and biscuits to Unitaspark Primary Feeding Scheme, which caters for 230 children a day.

And that wraps up the Rotary Anns' worthy achievements for 2023/24. Now, after two years in this Newsletter seat, I bow out and happily hand over to your new **DGA Cheryl Jennings**, as she takes on her position alongside DG George Senosha. We wish them all the very best as they step into a new Rotary Year, continuing the wonderful achievements of D9400 within this special organisation.

Yours in Rotary, IPDGA Christina.

IPDGA Christina

IRON CROWN TRAIL RUN

The Iron Crown Trail Run on **13 July 2024** is an annual event organised by RC Haenertsburg. The race attracts runners from all over the country and is known for its challenging but scenic route with its steep climbs and descents, technical sections and river crossings, which provide a true test of a runner's skills and endurance. It starts and finishes in the heart of Haenertsburg, 'follows village streets, dirt roads, firebreaks and single-track footpaths' up to the summit with spectacular views.

The 22km race will climb 687m from 1439m to 2126m, the highest point in Limpopo, the Iron Crown, peak which is a distinctive landmark for the runners. The 10km route is less strenuous and only reaches an elevation of 1600m, while the 5km fun run is perfect for the less energetic. Runners can expect a challenging but rewarding experience, as they navigate through the beautiful and rugged terrain of the Magoebaskloof Mountains.

REGISTER NOW for The Iron Crown Trail Run: Contact Ann 082 808 2539 or go to <https://myactive.cc/ironcrown2024>

Rotary Club of Maputo

RC Maputo received a Diploma of Honor from the Governor of the Province of Maputo for being a loyal partner of the Provincial Directorate of Education, seeking to eliminate outdoor classes (under trees).

This Diploma comes at a time when the Rotary club of Maputo in partnership with Steven's Hope for Mozambique Society financed a block of three classrooms at the Muchisso Primary School worth 4,463,711.80 MZN

A special word of thanks goes to Dr Lorne Parker from the RC Edmonton who created this link between RC Maputo and Steven's Hope for Mozambique Society.

Rotary Club of Haenertsburg

RC Haenertsburg joined hands with Tembele Ecological Services, in a Spekboom Green our Schools Project. Spekboom trees were planted at two village schools to prevent erosion and green the Earth. Pupils eagerly participated. In green uniforms are pupils from Phuti Makibelo Primary School and in blue are learners from Mathukana Secondary School.

Rotary Club of Pretoria Capital

Rotary Peace Fellow, Chenai Kundure, sponsored by the RC Pretoria Capital was presented with an international award as the winner of the **Migrant Leadership** Category at the **Women Changing the World** Awards ceremony. Her award was presented by Sarah Ferguson, the Duchess of York in London on 27 May.

She is currently resident in Canada and received the award for her work with the migrants entering Canada. Chenai has come a long way since RC Pretoria Capital met her when she arrived on the Gautrain before applying for a Rotary Peace Fellowship.

Chenai Kundure with Sarah, the Duchess of York

Rotary Club of Haenertsburg

RC Haenertsburg members supervised the activities when several organizations joined forces to revamp the Lesedi (Spitzkop) Rehabilitation Centre. Some 25 young men and women from Moebaskloof Warriors Academy were divided into teams to paint, install basins and toilets, repair broken windows, remove and replace damaged ceilings as well as to dig furrows for the irrigation system. The established gardens were fertilized and covered with grass to prevent the soil from drying out.

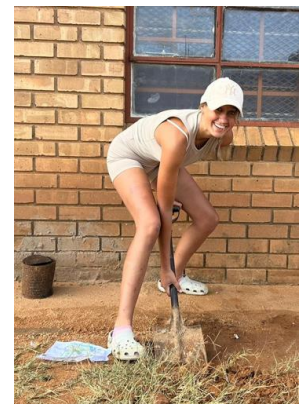

Patients of the Rehab Centre joined the Warriors to improve the conditions while members of the community also offered their help. After 4 hours of hard work, much had been accomplished by the workers and the Centre was left to complete the tasks.

The gardens were established with a R32 000 donation from D9400. Choice NGO and Rod Harman of RC Haenertsburg who headed the project, spent 5 days training five staff members and five community members in the development of vegetable gardens.

They also provided fertilizer (animal compost) and seeds. Frequent visits to the Centre will ensure further support towards the development of the gardens. It is hoped that the gardens will grow vegetables for the inmates as well as give them occupation in their rehabilitation.

The sponsorship for all the materials used in the development of Lesedi (Spitzkop) Rehab Centre was kindly donated from Dream World Investments through The Kirk Group (R12 000) and RC Haenertsburg (R12 000).

Guests from the Mamabolo Royal Family, Limpopo University lecturers and representatives from Khuluma Rehabilitation Centre enjoyed a special lunch prepared by the Centre.

Rotary Club of Vanderbijlpark

RC Vanderbijlpark is well known for their active participation in the D9400 Student Exchange program.

Saying goodbye is never easy. Two long term exchange students of RC Vanderbijlpark, Frederic (Germany) and Guidetta (Italy) recently presented their farewell messages by sharing their experience in South Africa with the audience at Stonehaven on Vaal. These students became part of the Rotary family and their various host families, forming a bond that lasts a lifetime.

The club welcomed Emma from Italy as well who presented her overview of her life in her hometown.

After their presentations, banners from both countries were exchanged assisted by Youth Officer, PP Rita Benecke, in the presence of President Adri Roos.

Lidia Corte was the lucky winner of the wine raffle and, as always, the evening ended with sharing fellowship.

Rotary Club of Sandton

A 2021 Peace scholar from RC Sandton, Anas Al-Hamati, graduated on 25 June 2024 with a MSc in Peace and Conflict Studies from Japan. He was also a speaker at the 2024 DISCON early in May. Anas received the scholarship to pursue studies in “Stability and development accelerations strategies in fragile states” at the Rotary Peace Center program for graduate studies of the International Christian University in Tokyo, Japan from 2022 to 2024.

His study aimed to understand the complexities of fragile countries and how to put in place clear and specific protocols to deal with it, as well as to help the governments of these countries to strengthen their governance, determine their priorities and target their trends, reaching the aspirations of their citizens, and thus formulate a national vision to get these countries out of the fragile state and the circle of conflict to a steadier position. Over the past two years, he made field visits to ministries and research institutes, and met with senior officials to draw on their expertise.

This scientific degree comes in addition to a Bachelor’s Degree in French literature from the faculty of arts – University of Sana’a (Yemen), a postgraduate degree in management practice from Henley business school (Johannesburg, RSA) and an MBA in business administration from the University of Reading, UK with a specialty in “Organizational leadership in Volatile, Uncertain, Complex and Ambiguous (VUCA) business environment”.

Anas Al-Hamati is a project manager in the humanitarian field with **Gift of the Givers**. He has more than 10 years’ experience and has worked in several countries around the world. He facilitated the negotiations to release Yolande and Pierre Korkie Al-Qaeda captives in Yemen, without any ransom.

Rotary Club of Maputo

RC Maputo officially handed over the donation of a Cystoscope, two Telescopes and various necessary materials valued at \$50,000, brought to Mozambique by Dr Patrick “Paddy” Dewan, financed in partnership between Kind Cuts for Kids and the Rotary clubs of Melbourne and Maputo.

The equipment that was offered to Paediatrics at the Central Hospital of Mozambique was received by the General Director of HCM Dr Mourinho Saíde, Director of Pediatrics Dr Eugênia Macassa, Dr Massada Rocha and other colleagues.

Dr Paddy stayed in Maputo for two weeks training the doctors who will use the equipment and during this period more than 33 surgeries were carried out. This event was featured in the most read newspaper in Mozambique, Jornal Notícias.

District 9400 EVENTS CALENDAR

1	July 2024	New Rotary year
18	July 2024	Mandela Day - priority social justice areas are early childhood development and food security
21	September 2024	International Day of Peace
16	October 2024	World Food Day
28	November 2024	Giving Tuesday
21-25	June 2025	2025 Rotary International Convention in Calgary, Canada

The Four-Way Test

Of the things we think, say or do:

1. Is it the TRUTH?
2. Is it FAIR to all concerned?
3. Will it build GOODWILL and BETTER FRIENDSHIPS?
4. Will it be BENEFICIAL to all concerned?

A Prova Quádrupla

Do que pensamos, dizemos ou fazemos:

1. É a VERDADE?
2. É JUSTO para todos os interessados?
3. Criará boa VONTADE e MELHORES AMIZADES?
4. Será BENÉFICO para todos os interessados?
